Your account number: A-EC7C8EBA

Date: 28 Aug 2024

Your quote number: K5UC822U

Hello,
Your business plan is ending soon.

For the supply at: Feeder Pillar For Christm, DH4 6PA

Your current Electricity plan comes to an end on 2 Nov 2024 - so we wanted to let you know what happens now.

You can renew on to a fixed plan - this could give you lower prices and longer term certainty, with fixed prices for 1, 2 or 3 years. The fixed tariffs quoted below are valid until the end of your current plan. It's really easy to switch - log in to your online account and your offer will be waiting for you (if your account's eligible). If you'd like to chat with us about your switch, email us at sales-direct@eonnext.com or call us on **0808 501 5109**. If you have an outstanding balance on your account, you'll need to clear this before agreeing a fixed plan.

If we don't hear from you by 1 Nov 2024 - you'll automatically roll on to our Your Business Flexible tariff. You'll find these prices and more information over the page.

Available fixed plans.

Annual estimated cost.

Fixed business plans.

• 1 Year Fixed Business	£273.0
• 2 Year Fixed Business	£274.8
• 3 Year Fixed Business	£279.43

If you do nothing.

You'll roll on to our Your Flexible Business tariff. £436.94

Need to get in touch about your renewal?

Drop us an email anytime at sales-direct@eonnext.com or call us on **0808 501 5109**. We're here Monday to Thursday 9am-5pm and Friday 9am-4pm.

Any way we can help, we will.

The E.ON Next Team

Your Flexible Business tariff prices.

**Your new prices
from 2 Nov 2024 to
2 Nov 2025.**

 Electricity 1580001710214	Standing charge (per day)	100.0p
	Unit rate - Day (per kWh)	55.9p
	Unit rate - Night (per kWh)	-
	Unit rate - Off Peak (per kWh)	-

The prices above are correct as of the date of this letter, but we may change them at any time. All prices exclude VAT, Climate Change Levy (CCL), and Green Deal. Our prices are fully inclusive of data collection and meter operation costs as well as Renewable Obligation, Electricity Market Reform and FiT charges

If you have more than one MPAN on your account and they are related (for example, on a Restricted Hours Tariff setup), we'll only charge you standing charge on one of them.

Annual estimated cost on your new prices: £436.94.

We've worked this out by multiplying your consumption (on each rate) by the pence per kWh. This includes 1 year's standing charge. We may have used estimated usage or less than 12 months' worth of usage to work out your annual consumption. If you think this figure is wrong, please call us.

On our Your Flexible Business tariff you can switch product or supplier at any time. Your prices are fixed for the duration of your contract (12 months) unless there are any changes outside of our control. If this happens, we may vary your prices or pass any additional charges on to you and notify you in writing.

The small print - your statement of renewal terms.

Your current plan ends on 2 Nov 2024

If we don't hear from you by your current plan end date, we'll move you on to Your Business Flexible tariff (as shown above) and there's no change to your payment method and frequency.

We won't charge exit fees if you decide to leave, but we may object to you changing supplier if there is a debit balance on your account. We may also object to you switching, if your new supplier hasn't requested all related meter points on the same working day.

Your contract with us is continuous, and will end when no meter points under this contract are registered to us, if we choose to end it, or when you agree a new contract with us.

Your terms and conditions.

You can find our current terms and conditions online at eonnex.com/business-terms, and our out of contract and deemed prices are at eonnex.com/deemed-contracts. If you've have any questions please get in touch.
